

impress

# A treat for the eyes

The gracefully contoured ultra slim switches add a statement of sophistication to your home.

ULTI "impress" is the haute couture mechanical switch for the connoisseur who seeks the highest aesthetics in cosmopolitan décor and superb functionality in the art of lighting.

As technologically advanced as it is sensual and beautiful, ULTI "impress" shares the same award-winning\* stunning design as the rest of the ULTI family, making it possible for you to enjoy clean and uncluttered ULTI switches throughout your entire home and to bring out the absolute best in your décor.

# Pointing the way to design excellence

## iso-motion-press

Buttons feature a softy radiant blue or amber backlight to guide you to the switch at night

A unique range of changeable face plates in different colours is available to complement your décor

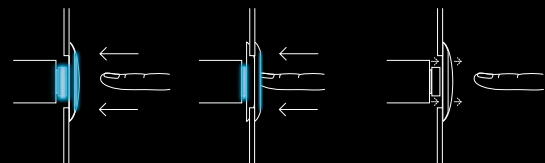

## Sensual to the touch

The patent-pending impress.mechanism sets free the design paradigm for mechanical switch and thus make it possible for end user to enjoy the same aesthetic and flush-faced look as intelligent switch.

## iso-motion-press mechanism

The unique iso-motion-press mechanism ensures switches stay in a uniform position and can be swiftly and surely operated with a simple motion. The dolly maintains the same position whether on or off and, for the first time, impress.mechanism enables a fully flush-faced mechanical switch with a 250V rating.

# Perfectly mixed, perfectly match

Every ULTI products feature the same stunning design aesthetics. You can mix and match functionality from Integrated Automation, TruRetrofit lighting control to standard basic switch & socket, to fulfill their vision of the ultimate environment with ULTI family.
